

Lightweight design and ergonomic handle reduces operator fatigue

One-touch operation

Light indicates charge level

Adjustable tension

18 volt lithium-ion battery for long-lasting operation

120 cycles per charge

**WORLD'S MOST POWERFUL BATTERY-DRIVEN STEEL STRAPPING TOOLS**

# Signode GripPack 114

## Battery Powered Tensioner for Steel Strapping

**B**reak free from the lack of portability and high weight associated with pneumatic tools. Our latest innovations, the GripPack 114 steel strap tensioner and sealer, provide the low weight and portability that operators need but can't get with pneumatic tools. Plus they deliver maximum power and performance without the air generation costs and inconsistencies of pneumatically driven tools.

The GripPack tools' lightweight, durable design make them easy to handle and operate. With one-button operation and performance enhancing features not found on pneumatic tools, they vastly improve productivity for the application of steel strapping in heavy-duty hand tool applications.

### Tensioner Specifications

**Strapping:** Magnus® or Apex Plus™ steel strapping

**Strapping size:** 3/4" – 1-1/4" x 0.025" to 0.031" (19 mm to 32 mm x 0.64 mm to 0.80 mm)

**Tension:** Adjustable from 800 to 1,500 lbs. (3 600 to 6 670 N)

**Weight:** 8.5 lbs. (3.8 kg)

### Tensioner Part Numbers

#### GripPack 114 kit

Tensioner: 800441

Battery and charger pack: 800521

#### Spare battery and charger

Battery: 800293

110 V charger: 800294

220 V charger: 800543
