

Bubble Mailer
from **IPS**

Your Packaging
Partner in *Productivity*

IPS introduces a new 1/2 inch bubble mailer!
These have been replacing the smaller stock boxes at e-commerce centers.
This Bubble Mailer will save you in material, labor, space, and freight.

These products:

- Fully biodegrade in 9 months to 60 months wherever they are disposed of where other things are biodegrading (anaerobically and aerobically)
- Return to the environment not as small particles, but as biomass and humus
- Do not use heat, light or mechanical stress to break them down
- Do not require special handling (unlike PLA and oxodegradable)
- Good for the environment, no heavy metals
- 100% recyclable
- 100% compostable

Where will these products biodegrade?

- Home composting
- Commercial composting
- Landfills
- Buried in or in contact with soil

Where won't they degrade?

- Warehouses
- Store shelves
- Everyday use

Bubble Mailers

Durable . Moisture Resistant . Biodegradable

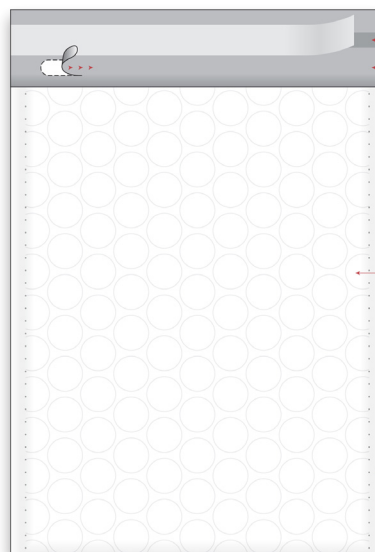

Replace your small cube boxes and save in materials, labor, space and freight.

IPS has introduced a new 1/2" bubble mailer that is replacing smaller stock boxes at e-commerce centers all over the country.

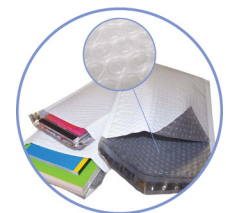

Cost savings to positively impact your bottom line.

- 1. Material Costs**- Replace your traditional box, tape and in-the-box protective packaging.
- 2. Labor Reduction**- Improve the process with less labor and eliminate erecting & taping the box.
- 3. Reduce Space**- Consolidate SKU's to free up space.
- 4. Freight Costs**- Reduce per pack freight costs on every unit.

Biodegradable

Fully biodegradable in 9 to 60 months. 100% recyclable and 100% compostable.

Custom Capabilities

Custom, high quality graphics with up to six ink colors on two sides. Enhances your corporate image and product value with immediate brand recognition.

PEOPLE. KNOWLEDGE.
DEDICATION.
